Section 3 Bid Opportunities

Section 3 of the Housing Act of 1968 Opportunities

Revere Housing Authority supports Section 3 of the Housing and Urban Development Act of 1968 (Section 3) that ensures that HUD-funded jobs training, and contracts are provided to local low-income residents, particularly those that reside in public housing, and businesses that substantially employ them. Section 3 is important because it helps foster local economic development, neighborhood improvement, and individual self-sufficiency in communities where covered financial assistance is spent.

Since 1994, the Section 3 program has been governed by an interim regulation. HUD is proposing a new rule that would expand opportunities for public housing residents and low-income workers and increase contracting opportunities for local businesses.
